Subject: RE: Aldicarb- additional refinements from BEAD- scoping and clarification

No worries at all, Amy, and no need for apologies! I think that we were well represented with Shanta at the meeting, especially while Debra is on leave. I just wanted to ensure that we're all keeping abreast of what's transpiring with this controversial proposal. As always, I appreciate your work and diligence on this effort, and we'll be in touch, shortly. Thanks much!

Best regards,

Marion J.

Hello,

I apologize for the oversight on my part in not having you on the meeting invite yesterday. I will be sure to keep you in the loop as we move forward.

Amy

Hi,

It was an oversight on my part. Sorry.

Amy

Good Morning Amy,

Please make sure Marion is invited to all aldicarb meetings. I am not sure why but he was not invited to yesterday's meeting with BEAD and he would have been able to answer questions that I was not able to relating to the timeline of the refinement.

Shanta

Hi,

We are compiling that information now and are targeting getting it to BEAD in the next few days (there are a couple of questions we want to ask others on the EFED PCT/PCA team to make sure we are approaching it correctly).

Thanks,
Amy

Subject: Aldicarb- additional refinements from BEAD- scoping and clarification

Good afternoon Amy/Marion-

BEAD met internally after the meeting earlier today to begin scoping the ask from BEAD on additional refinements for the EFED DW for aldicarb.

Ex. 5 Deliberative Process (DP)

BEAD suggests another follow-up team meeting be scheduled for next week to continue this conversation, perhaps with HED included, and to discuss the current assessment's refinements.

Thanks for your consideration/feedback,
Hope
